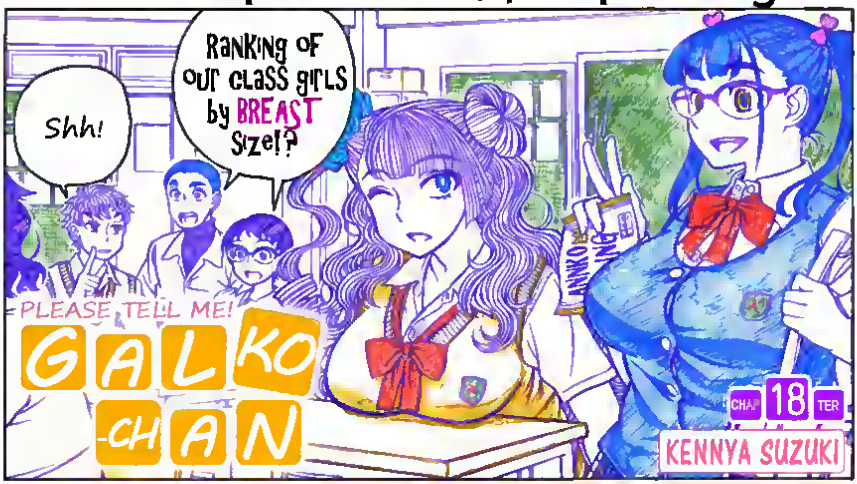
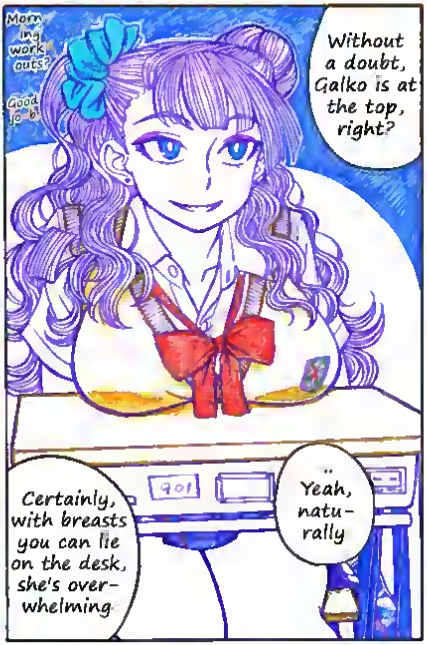
Nikuko Very large girl. She belongs to the futsal club. She's good at launching a speedy and powerful swift attack in spite of her body. Known as "SONIC MEAT" and feared by other teams.



We-ll, I got fat aga-in. Ahaha-
When it comes to size, there's also Nikuko.
Yeah, speaking of size, hers are bigger than Galko's.
Ah- She sure is.
No wait!



Morning work outs?
Good job
Without a doubt, Galko is at the top, right?
Certainly, with breasts you can lie on the desk, she's overwhelming.

We've been working hard on next volume! We'll add special illustrations with next update (November 7th)!

Gaiko Very popular girl. She has tolerance for breast discussions just because she's been getting them a lot for a long time.

Breast cup size is determined by the difference between top and under, not simple size.
TOP
UNDER

Okako A girl who's fond of all things connected to occult. She and Gaiko sometimes get excited over chatting about horror movies.

How's she?
Good morning

Well, but why does she still wear the blazer?
